deliveries

**“North York Harvest is the place that I found help, the place I found resources to get back onto my feet and to create the future that I have now for my kids. And food security is something I’m very happy to say that I can give to the kids now.”**

***- Josephine, business owner, former North York Harvest Food Bank client***

# Advocacy in Action!

Our Community Engagement team was busy from September-February! They tallied 21 “Advocacy Actions” for the reporting period. This includes attending rallies and press conferences, organizing petitions, making deputations at City Hall, and the formation of the North York Harvest Community Advocacy Group.
